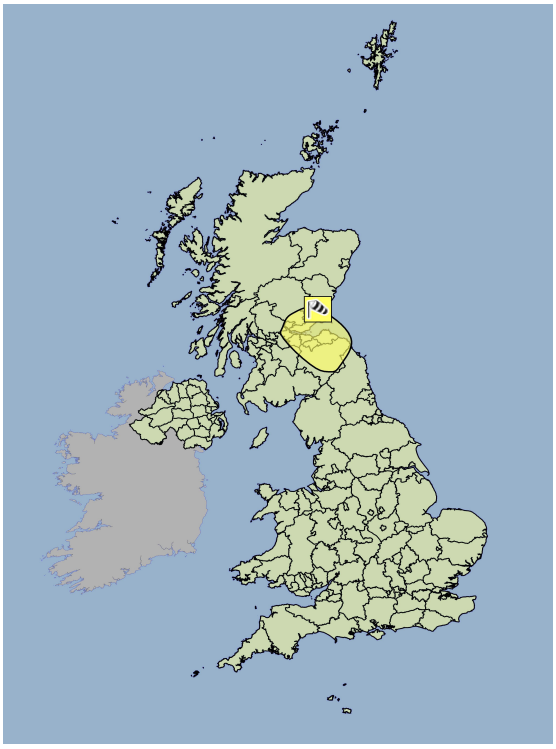
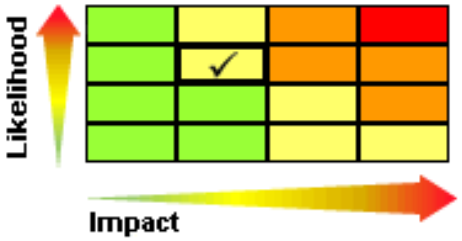
National Severe Weather Warning Service





Chief Forecasters Assessment
An area of low pressure near Iceland will bring strengthening winds to many areas. Given the potential for very strong gusts, travelling conditions may be difficult, especially on high level routes.

The Met Office have issued a **Yellow Alert** of **Wind**

Valid from **12:00 on Sun, 21st Dec 2014** until **23:00 on Sun, 21st Dec 2014**

Gales are expected to affect parts of eastern Scotland at times during Sunday. Gusts between 55 and 65 mph locally, and in excess of 70 mph over hills.

The public should be aware of the possibility of minor disruption, in particular to road travel.
